SAVANNAH RIVER SITE TECHNOLOGY DAYS 2004, FEB. 10-11

Aiken, S.C., February 4 -- In honor of National Engineers Week, the Savannah River Site is sponsoring Technology Days 2004, Tuesday and Wednesday, Feb. 10-11, at the National Science Center's Fort Discovery, Augusta, Ga.

Technology Days is designed to interest middle school students in pursuing careers in science, technical or engineering fields. Students and teachers from South Carolina and Georgia middle schools will attend the event during the day on Feb. 10 and 11.

The general public is invited to join in the technology celebration, Tuesday, Feb. 10, 4:30-7:30 p.m. Admission is free. Visitors will be able to "get in on the action" by participating in fun, interactive exhibits and activities from SRS and Fort Discovery.

Speakers from SRS and local industry will be on hand to provide informational sessions on various technology-related topics, including weather technology, brain surgery, ecology, and robotics (For additional details, see attached agenda). New this year, local high school students will participate in a Science Forum, which is a science and engineering project competition for middle and high school students during Family Night, Feb. 10.

Of special interest to video game enthusiasts, Raymond Yan, Digipen Institute of Technology, will be on-hand to talk about video game development, and will demonstrate how to make a video game.

For additional information on Technology Days, see the Technology Days webpage: <http://www.srs.gov>, Click on "Outreach Programs," then "Tech Days 2004."

Technology Days is sponsored by Westinghouse Savannah River Company, Bechtel Savannah River Incorporated, BNFL Savannah River Corporation, BWXT Savannah River Company, CH2 Savannah River Company and Polestar Savannah River Company.

Note: Photographers and reporters are welcome. Please contact Judy Spencer at the above listed phone to confirm attendance.
